

Frontrow's ezRoom simplifies classroom management and enhances classroom communication. From voice amplification to AV control, this "everything but the display" solution seamlessly integrates all your classroom technology into a single, easy-to-use system. When specifying an ezRoom system, choose from the following preinstalled options to customize your system. FrontRow will handle all the wiring and connections inside the ezRoom enclosure for a professional look and secure setup. The ezRoom enclosure will then be ready to install in the classroom, saving time and money.

	<p>Integrated IR sensor</p>	<p>For IR-based systems. Provide full classroom coverage for microphones without having to install additional sensors.</p>	
<p>CHOOSE ONE</p>	<p>Audio Extraction</p>	<p>Allows ezRoom to de-embed audio from HDMI sources so it can be played through the ezRoom speakers or be independently routed.</p>	
	<p>4x1 HDMI inputs</p>	<p>Switches between up to four HDMI sources, while de-embedding audio so it can be played through the ezRoom speakers.</p>	
	<p>4x4 HDMI</p>	<p>Allows ezRoom to route video from up to four sources to four separate destinations with independent audio switching.</p>	
	<p>Speaker Expansion</p>	<p>For IR-based systems, allows the connection of an additional four speakers to the ezRoom for increased coverage in larger rooms.</p>	
	<p>Channel Expansion</p>	<p>For IR-based systems., allows the addition of up to three microphones, for a total of five microphones per system (ELEVATE supports four microphones per system out of the box).</p>	

<p>Page Override</p>	<p>Automatically mutes the teacher's voice and other audio when a page comes through the ezRoom. Includes split-core transformer detection of page signal.</p>	
<p>Bluetooth®</p>	<p>Allows users to wirelessly play audio through the ezRoom system from any Bluetooth enabled device.</p>	
<p>PoE Backup</p>	<p>Provides critical paging functionality in the event of a power outage. Includes PoE+ 802.3at extractor.</p>	
<p>Power Strip</p>	<p>Allows integrators to more easily include other technologies without running extra power to 2x2 enclosure.</p>	
<p>Integrated Room Mic</p>	<p>Allows any ezRoom to function as an intercom device with or without a teacher microphone.</p>	
<p>Video Conference Cable Kit</p>	<p>Enables a single USB connection to the teacher's computer for audio to and from ezRoom. Combine with a USB wall plate.</p>	
<p>Control</p>	<p>Add touch, keypad, and other control options to the WallCore Control for an integrated solution.</p>
